PROFILE

I am a software developer with a passion for creating innovative solutions. With a strong background in Android Native Development, React JS, NestJS, and Typescript, I bring a diverse set of skills to any project. My experience includes working with Kotlin, Jetpack Compose, XML, SQL and NoSQL databases, Elasticsearch ELK stack, Linux, Apache Cassandra, Nginx, Pm2, Ubuntu Server, and web scraping with Selenium. I thrive in challenging environments and am always eager to learn and adapt to new technologies.
